ABOUT ME

I am a recent graduate with a degree in Information Technology and a focus on programming. I am passionate about starting a career in the tech world with solid knowledge in programming and software development. Although I am still a junior, I have developed skills in programming languages such as Dart. In addition, I also have expertise in graphic design as a freelancer. I am proficient in design tools such as Adobe Photoshop, Illustrator, and Figma, and have a good understanding of design principles. I have good teamwork skills and am ready to adapt to a dynamic work environment.
